March 1<sup>st</sup>, 2010 - Present

### **Open Up Languages**

TEACHER AND TRAINING COORDINATOR

January 15<sup>th</sup>, 2014 - Present

Helped in the coordination efforts with the Lionsfield and Open Up Languages admin department while supervising teaching staff. Continued working as a teacher as needed to maintain customer relations strong between Lionsfield, Open Up Languages and their clients.

[ABOUT](#)[WORK EXPERIENCE](#)[EDUCATION](#)[CONTACT](#)

## Education

### North Thurston High School, 1987

Graduated

## Post Graduation

After Finishing High School, I went into the work force looking for a career that suited me. As I am auto-didactic, I concentrated my efforts on learning a trade. I spend a good number of years as the owner of a small carpet and vinyl installation company. Ready for a career change, I removed myself from the installation industry and began to study in order to become an English Teacher. As I have always been interested in technology, I decided to put my auto-didactic skills to use and learn programming with the hopes of providing an engaging user experience for learners around the world wanting to learn a new language.

*I'm looking forward to hearing from you!*
